All current problems can be traced to previous solutions.

No matter how badly you're playing, you can always play worse.

Whatever you think you're doing wrong is the one thing you're doing right.

If it ain't broke, don't fiddle with your grip.

Humor

A lady was browsing the meat selections in the supermarket and noticed a large selection of brains. Calve brains were \$1.99 per pound, banker brains \$2.49 per pound, and attorney brains \$3.99 per pound. She then noticed a selection of politician brains...but they were priced at \$19.99 per pound. Curious about the large price difference she asked the butcher why politician brains are so much more expensive. He said, "Do you realize how many of those guys it takes to come up with a pound?"

Bubba walked into a doctor's office and the receptionist asked him what he had. Bubba said, "Shingles." So she wrote down his name, address, medical insurance number and told him to have a seat.

Fifteen minutes later a nurse's aide came out and asked Bubba what he had. Bubba said, "Shingles." So she wrote down his height, weight, took a complete medical history and told Bubba to wait in the examining room.

A half-hour later a nurse came in and asked Bubba what he had. Bubba said, "Shingles." So the nurse gave Bubba a blood test, checked his blood pressure, and told Bubba to take off all his clothes and wait for the doctor.

An hour later the doctor came in and asked Bubba what he had. Bubba said, "Shingles." The doctor asked, "Where?" Bubba said, "Outside in the truck. Where do you want them?"
