## Club Anniversaries

Lois Langan ..... July 11 (1)

Thomas Wimberly ..... July 14 (9)

Submit your jokes, trivia, and interesting stories for the Rotascope to [steve@d-logic.com](mailto:steve@d-logic.com)

(Please, only submit material suitable for your daughter to read)

United Methodist Church  
Home of the Rotary Club of  
Marion for over 83 years

## Greeters for Today

Front - Cliff Storme  
Back - Elaine Melby

## Next week

Front - Randy Lewis  
Back - Jim Pugh

## Attention: Montana Golfers

The Montana State Department of Fish and Wildlife is advising golfers to take extra precautions and be on the alert for bears while playing on Gallatin, Helena, and Lewis and Clark National Forests Golf Courses.

They advise golfers to wear noise-producing devices such as little bells on their clothing to alert, but not to startle the bears unexpectedly.

They also advise you to carry pepper spray in case of an encounter with a bear. It is also a good idea to watch for signs of bear activity.

Golfers should be able to recognize the difference between black bear and grizzly bear droppings on the golf course.

Black bear droppings are smaller and contain berries and possibly squirrel fur.

Grizzly bear droppings have bells, golf-gloves and sunglasses in them and smell like pepper spray.

## More... Wit and Wisdom from Military Manuals

'If the wings are traveling faster than the fuselage, it's probably a helicopter -- and therefore, unsafe.'

'When one engine fails on a twin-engine airplane, you always have enough power left to get you to the scene of the crash.'

'Without ammunition, the USAF would be just another expensive flying club.'

'What is the similarity between air traffic controllers and pilots? If a pilot screws up, the pilot dies; If ATC screws up.... The pilot dies.'

'Never trade luck for skill.'

The three most common expressions (or famous last words) in aviation are: 'Why is it doing that?', 'Where are we?' And 'Oh S...!'

'Weather forecasts are horoscopes with numbers.'

'Airspeed, altitude and brains. Two are always needed to complete the flight successfully.'
